

PONUDBE ZA PROJEKTA PARTNERSTVA

1. Projektne ideje s področja Europe in a changing world – Inclusive, Innovative and Reflective Societies

15. junija je v Bruslju potekal dogodek za predstavitev projektnih idej za bodoče razpise Obzorje 2020 2016-2017 na temo co-creation, growth and inclusion, ki je del delovnega programa SC6 Europe in a changing world – Inclusive, Innovative and Reflective Societies.

Predstavljene so bile projektne ideje predvsem z naslednjih področij:

- User-driven innovation: value creation through design-enabled innovation
- Piloting demand-side measures fostering optimal knowledge circulation in Europe
- Towards a new growth strategy in Europe - Better economic and social measurement
- Collaborative, innovative and cultural practices for dynamic urban futures
- Responsible Research and Innovation (specifically gender related)
- Virtual Museums and Social Platform on European digital heritage, memory, identity and cultural interaction
- Intra-EU mobility and its consequences for social and economic system
- Anti-corruption, fraud and cybercrime

Med projektnimi idejami so bile tudi ideje s področja zdravja, energije in enakosti med spoloma.

Vse projektne ideje so na voljo [TUKAJ](#).

2. Kultura za mesta in regije

Koordinatorji projekta "Culture for Cities and Regions " vabijo zainteresirane predstavnike lokalnih skupnosti, da se udeležijo študijskih obiskov v izbranih evropskih mestih, kjer se bodo seznanili z različnimi dobrimi praksami s področja kulture in kreativnih industrij.

3. Prezare v hrani

Angleška raziskovalna organizacija FERA Science Ltd koordinira projekt 7. okvirnega programa z naslovom »FoodIntegrity«, v okviru katerega vabi raziskovalce za sodelovanje na temo preprečevanje prevar v prehrambeni verigi. Informacije o razpisu so dostopne na [spletni strani](#).

4. Ponudba raziskovalnega centra iz Jordanije za skupno prijavo na razpis MSCA IF

Scientific Food Center is a center established in Jordan for research and development with the focus to serve a broader category of food businesses worldwide from the farm to the fork.

The center provides many scientific services such as analysis, consultation, research, development, assessment for accreditation and training to explain and to solve the problems they are facing.

One of the main objectives of the center to be a good supporter for food production through applying and conducting scientific food standards, analyzing of food, training programs and offering other services to achieve the effective partnership with both private and public sectors to develop the quality of food products which results in enhancing the competitiveness of food product.

The center is aiming now to host researchers through the Marie Skłodowska-Curie programme IF actions and participate as a partner organization.

For interested candidates, please see the attached file to know more about the trainings and programmes held at the center with all contact information of Dr. Haneé Dmour (General Manager of the Center).
