

PONUDBE ZA PROJEKTA PARTNERSTVA

1. Legal regulation of Big Data

Na spletni strani [Idealist](#) je objavljena ponudba za sodelovanje s Centrom za politiko intelektualne lastnine in managementa iz univerze v Bournemouth v Veliki Britaniji.

V partnerju iščejo naslednje: »Large of mid-size company with expertise in data analytics, cloud computing or in any other business related to Big Data.»

2. eMe («engage me«)

Na spletni strani [Idealist](#) je objavljena ponudba za sodelovanje z Univerzo v Valenci, Španija.

eMe (from “engage me”) is an ICT-based platform for engaging outdoor physical activity and playful learning. We are already three partners in the consortium. We are looking for two additional partners with the following skills:

Partner 1: video game apps + education/learning

Partner 2: marketing + business + education/learning

3. Intelligent Use and Management of Large Volumes of Complex Forensic Data

Na spletni strani [Idealist](#) je objavljena ponudba za sodelovanje na projektu z Univerzo South Wales iz Velike Britanije.

Namen projekta: “This project aims to develop and demonstrate a cloud based forensic environment that directly address the current challenges facing law enforcement in the area of IOT, Big Data, Situational Awareness and Case Based Reasoning”.

4. Application for H2020 projects

Posredujemo ponudbo za sodelovanje na projektu s partnerjem Gate 21 (danska organizacija, skupaj z njenimi 28 partnerji – večinoma iz okolice Copenhagen). Ponudba je veljavna do 19.11.2015.

[Gate 21](#) drives a portfolio of regional, national and European funded projects including a permanent Green Labs for Lighting and Smart City Technologies, Danish Outdoor Lighting Lab (DOLL) & Smart Urban Services platform (SUS.).

In this regard Gate 21 is seeking a funding opportunity provided by the National Danish Agency for Technology and Innovation, who has, with short notice published a call to support networking activities with the aim of developing applications for calls in the coming Work Programs of Horizon 2020.

Gate 21 is providing partners (public, private, research etc.) with an opportunity to engage in the network in one or more of the following topics:

1. The Smart City – Smart City Technologies & solutions
2. Transport, mobility and traffic noise
3. Light for health, hospitals and learning
4. New actors and companies (strengthen capacity to participate in H2020 applications)

For any questions please contact Mr. Flemming Madsen (flemming.madsen@gate21.dk / +45 53 85 70 03).
