

Subject: Call for expressions of interest: Erasmus+ KA2 project on Academic Leadership with Western Balkans

Dear Contact Person,
Dear IRO,

We have been contacted by Prof. Philippe Bouillard from the Université libre de Bruxelles (ULB) regarding a project on Academic Leadership they would like to develop and submit under Erasmus+ KA2 Capacity Building with partners from Western Balkans (February 2016 deadline).

[Project concept note](#) attached.

If you are interested in joining the project, please send an email to Dominique Montagnese: dominique.montagnese@unica-network.eu by **Friday 20 November**. In your email, please indicate your institution's/unit's expertise in the project's theme (a list of previous relevant projects you were involved in would be appreciated).

Important remarks:

- Sending an email is not a formal commitment: At this stage, it is only regarded as an expression of your interest in participating in the project;
- The final selection of partners will be made by the ULB based on geographical balance of partners and university's relevant expertise.
